

BARKLEY SOUND

BRITISH COLUMBIA 2026

July 9-12
Sept. 26-30
Sept. 30-Oct. 4

Every year we venture to a wonderful place known as Barkley Sound, located on the West Coast of Vancouver Island in British Columbia. This area is rich in colorful marine life from Wolf eels, Octopus, huge Lingcod, Rock Scallops the size of dinner plates, Purple Ringed Top Snails, Sea lions and even the rare Six Gilled Shark. Barkley Sound is known for its easy diving as there is generally little current to contend with. There is plenty of wildlife to see above the water as well. Whales, sea lions, eagles, and bears are often seen from the lodge and from the boat in between dives. The M.V. Rendezvous is a 36-Ft custom dive boat with easy entry and exit, with full head and galley. Rendezvous lodge is located on the steep side of a mountain in Rainy Bay, right on the water. This makes for great waterfront dining and spectacular sunsets from the hot tub! Your trip will include either three or four days of diving, accommodations (shared room), meals, tanks and air fills (nitrox is available). Everyone is responsible for getting themselves to Port Alberni, we will try to carpool to keep gas and ferry fees down. There are only nine spots available on this trip, so get your deposit in early. This trip sells out every time.
